

# Implementing Effective Environmental Monitoring and Sanitation Programs for Today's Food Safety Environment

**Wednesday, October 11, 2017 8:30AM to 2:00PM**

**A Two-Part Contamination Control Workshop**

**PART 1: "ENVIRONMENTAL MONITORING TESTING: A COMPREHENSIVE APPROACH TO IMPLEMENTING AN EFFECTIVE PROGRAM" *Tim Lombardo, Covance Food Solutions***

An Environmental Monitoring Program (EMP) is more than just pathogen testing. The challenge to food manufacturers is to develop and maintain a detailed EMP that is thorough and designed specifically for the plant, product produced, equipment used, plant condition and layout, and workforce. This informative session will review the most common pathogens, outline how cross-contamination takes place and discuss methods to determine the true source of contamination.

**PART 2: "CONTAMINATION CONTROL USING CHLORINE DIOXIDE GAS" *Kevin Lorcheim, ClorDiSys Solutions***

Recent advances in environmental monitoring have illustrated that current sanitation methods are not always eliminating pathogens within a food manufacturing environment. This session will examine chlorine dioxide gas and its ability to provide complete decontamination within food facilities, including hard-to-reach areas such as crevices and harbor locations to provide a cleaner and safer manufacturing environment than ever before.

**WHERE**

Denver Marriott Westminster  
7000 Church Ranch Blvd  
Westminster, CO 80021  
**breakfast and lunch provided**

**REGISTRATION**

*It's free with 3 easy ways to sign up*

- 1.) Email [workshop@clordisys.com](mailto:workshop@clordisys.com) with the names of all attending.
- 2.) Call us at (908) 236-4100
- 3.) Sign up on our website: [clordisys.com/workshops](http://clordisys.com/workshops)

**WHO SHOULD ATTEND**

Owners, Plant Managers, QA/QC Personnel, Production Supervisors, Sanitation Personnel, & Laboratory Managers  
*Anyone responsible for designing and implementing food safety / HACCP or Preventive Controls programs.*

**UNABLE TO ATTEND, BUT INTERESTED IN THE PROGRAM?**

**Join us for a live webinar! Complete schedule available here: [www.clordisys.com/webinars](http://www.clordisys.com/webinars)**

**WANT TO CONTINUE LEARNING ABOUT FOOD SAFETY & SANITATION?**

**Register to attend the 2nd Annual Food Safety & Microbiology Conference**

**FEBRUARY 25-28, 2018 · DALLAS, TEXAS · [CLORDISYS.COM/FOODSAFETYCONFERENCE](http://CLORDISYS.COM/FOODSAFETYCONFERENCE)**
